MASTER RAIN GARDENER

Learn to design, dig and plant your own rain garden!!

Share your knowledge and become your community's expert on rain gardens. At the end of this 5-session course, you will become a Master Rain Gardener! Rain gardens capture and soak in rainwater that runs off hard surfaces like roofs and driveways while filtering pollutants that would otherwise flow to our storm drains and into our creeks and streams.

**When: Thu. June 13; Thu. June 20; Wed. June 26; Thu. July 11;
and Thu. July 18 (10a.m. - 1p.m.)**
